Warranty Terms

- 1. The warranty is confined to the first purchaser of the product only and is not transferable
- 2. Repairs under warranty period shall be carried out by the company authorized personnel only. The details of service centers/support required are available at the company website www.mantratec.com/Support or in the centralized helpline (+917949068000)
- 3. The Offsite Warranty of the product excluding battery & charger shall be of twelve (12) months ("Warranty Period") commencing from the date of our Tax Invoice. The Offsite Warranty of the charger & battery shall be of six (6) months commencing from the date of our Tax Invoice, For support, please contact RMA Support at

https://servico.mantratecapp.com/MasterForms/RMARequestTerms.aspx. The warranty does not cover the damages caused due to negligence, wrong usage, mishandling, physical damage, etc. Any variation in terms and conditions of Warranty clause is indicated in our Tax Invoice. Original Tax Invoice is compulsory for claiming

- 4. The company does not undertake responsibility for the quality of software being used by the purchaser
- 5. The company shall not be liable for any direct, indirect or consequential loss, damage, cost or expense of any kind, whether arising from tort, breach of contract or howsoever, including without limitation loss of profits or of contracts, loss of operation time and loss of goodwill or anticipated savings.
- 6. Maximum Liability of company under or in connection with the product, for any reason and on any basis whatsoever, is limited to fifty percent (50 %) of the total amount of the product.
- 7. In the event of repairs of any part/s of the unit, this warranty will thereafter continue and remain in force only for the unexpired period of the warranty. The period for repair and in transit whether under the warranty or otherwise shall not be excluded from the warranty period
- 8. In case of any damage to the product/misuse detected by the authorized service center personnel, the warranty conditions are not applicable and repairs will be done subject to availability of parts and on a chargeable basis only.
- 9. In the event of any unforeseen circumstance, and spares not being available, the company's prevailing depreciation rules will be binding on the purchaser to accept as a commercial solution in lieu of repairs.
- 10. The warranty does not cover the cost of transportation of the system from the place of installation to the Service Center.

Rights and Obligations: User guarantees that the product will not be used in any way that violates the law or legal rights of any third party (including but not limited to Intellectual Property Rights, privacy rights, and portrait rights). In case of violation, the user shall bear the legal liabilities and other responsibilities arising therefrom.

Consumer Notices

FCC NOTICE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, & can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: (1) Reorient or relocate the receiving antenna; (2) Increase the separation between the equipment and receiver; (3) Connect the equipment into an outlet on a circuit different from that to which the receiver is connected; or (4) Consult the dealer or an experienced radio/TV technician for help. Changes or modifications not expressly approved by the party responsible for compliance to Part 15 of the FCC Rules could void the user's authority to operate the equipment.

CE NOTICE: This equipment has been tested and found to comply with the limits for a Class B or Class 2 digital device, pursuant to EN 55032 & EN 55035 Rules. These limits are designed to provide reasonable protection against harmful interference when the equipment is operated in a commercial environment. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instruction manual, may cause harmful interference to radio communications. Operation of this equipment in a residential area is likely to cause harmful interference in which case the user will be required to correct the interference at the expense of the user. Changes or modifications not expressly approved by the party responsible for compliance to EN 55032 & EN 55035 Rules could void the user's authority to operate the equipment. This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations.
